MAPA PROFESSIONAL ULTRANE 500 GLOVE

The Ultrane 500 glove is designed for Electrical and General Maintenance Professionals requiring a glove that offers precision handling of small parts while providing excellent grip, oil resistance and light cut protection.

FORM FITTING

Comfort and dexterity for precision work. Reduces muscle fatigue for better productivity.

BREATHABLE

Lightweight, breathable top material helps prevent sweaty hands while working.

DUAL NITRILE GRIP & PROOF COATING

Ensures an excellent grip in oily environments. Impermeable at strategic points for excellent skin protection. Oil and lubricants won't leak through like ordinary nitrile foam coated gloves. 2X more durable as compared to gloves with nitrile foam coating.

2X
MORE DURABLE
Compared to gloves coated
with nitrile foam

CUT PROTECTION

Light Cut and Puncture protection – Perfect for residential electrical installations, electrical component assembly, automotive, plumbing, material handling, & general maintenance applications.

KNIT WRIST

Helps prevent dirt and debris from entering the glove.

COLOR CODED SIZING WRIST BAND

Color coded sizing wrist band ensures proper size is chosen every time.

CAT. **GL500 Series**

ULTRANE 500 OIL RESISTANT GLOVE

EASY TEST FIT PACKAGE

Gloves need to fit properly for ultimate comfort, dexterity and to reduce fatigue, especially for precision work. One glove is attached outside the merchandising card to test fit for proper glove sizing.

AVAILABLE IN 4 POPULAR SIZES

The Ultrane 500 glove is available in sizes 8, 9, 10 or 11 for the best fit.

MERCHANDISING DISPLAY SHIPPING CASE

Each glove SKU ships in a 6-pack cut case display with peghook. The cut case can be merchandised by itself, next to other glove sizes or fit into available counter (GL500-24C) and floor displays (GL500580-48) for easy stock replacement. See Spec Sheet CM3201 for display details.
