

120 Volt Hardwire with 9V Alkaline Battery Back-up

"Photo/Ion" Combination

SA773CN

Hardwire
Interconnectable

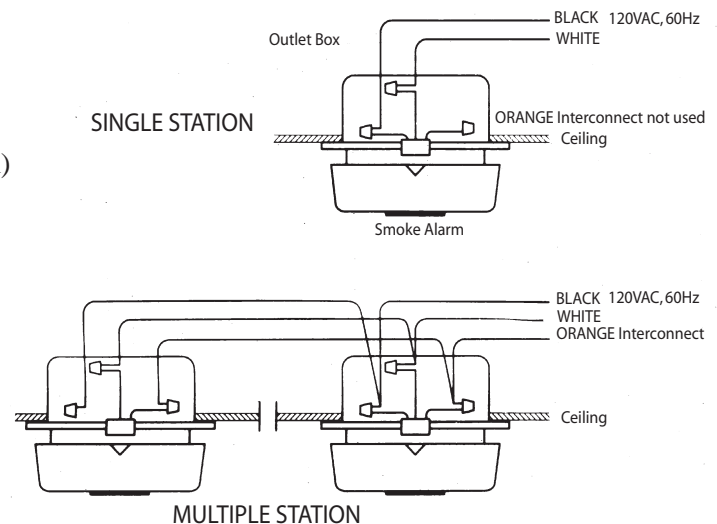

TECHNICAL SPECIFICATIONS

Voltage:	120 volt AC 60Hz
Battery Back-up:	9V Alkaline Battery
Temperature Range:	40°F (4°C) to 100°F (38°C)
Relative Humidity:	10% to 85%
Interconnection:	Up to 18 alarms
Alarm Sound Level:	85 dB at 10 feet (3m)
Indicator Light:	Solid-state LED: AC power "green" Battery power or alarm condition "red"
Unit Dimensions:	5.25" (133mm) diameter x 2.2" (56 mm)
Master Case Qty:	3 (Clamshell packaged only)
UPC:	0 29054 12303 9
I2 of 5:	200 29054 12303 3
Case Dimensions:	7.31" x 5.88" x 11.44"
Case Weight/Cube:	2.68 lbs./0.284 ft ³
Cases per Layer:	42
Number of Layers:	4
Cases per Pallet:	168
Units per Pallet:	504
Pallet Cube:	54.6 ft ³
Pallet Weight:	515 lbs.

The American Sensors model 770LBX (cat. no. SA773CN) is a premium 120 Volt AC/DC Hardwired smoke alarm utilizing **Dual-ionization and Photoelectric** sensing technology. This unique smoke alarm provides double protection as it senses both flaming and smoldering burning fires in their earliest stages and can be interconnected up to 18 units. The 9V alkaline battery back-up ensures protection in the event of a power failure. The combination of these features makes the model 770LBX suitable for installation in any room of the residence for exceptional protection.

FEATURES

- 120 volt hardwire with 9V alkaline battery back-up
- Dual-ionization and photoelectric technology for earliest detection of both flaming and smoldering fires
- Vortex turret design for optimal smoke entry
- Interconnectable up to 18 units (see BRK website for details)
- Ideal for any location
- Alarm source indicator
- Alarm and power test feature and LED's
- Tamper Resistant "Lock-it" key mounting hardware included
- Clamshell Packaged
- 10 Year Limited Warranty
- Meets UL217 standards
